Best E-Cig as a Stage Prop?

So, my question for the experts is this: which e-cig is my best choice as a realistic stage prop? (and possibly switching to if I enjoy the experience!) Here are my criteria: Must be a red LED

Face Rash and E-cig.

After my earlier problems with PG when only using cig-size batteries & cartridges, I knew right away what had caused it, and I was having to take some sort of bronchodilator on a daily basis.

[The reason why Blu cigs have problems, and how to alleviate them as](#)

The blu cig is definitely not a huge vapor producer. However, it seems fine for smoking replacement. The vapor is about as much as a cigarette gives off, and you definitely get the right
