[A new approach could fractionate crude oil using much less energy](#)

MIT engineers developed a membrane that filters

the components of crude oil by their molecular size, an advance that could dramatically reduce the amount of energy needed for crude oil

Making clean energy investments more successful

New research emphasizes the importance of well-validated models and forecasting tools in evaluating choices for investments in clean energy technologies and policies by governments and

[U.S. Adds 58 GWh of New Energy Storage Capacity in 2025](#)

Despite actions in Washington targeting clean energy, over 600 GWh of energy storage is expected to be installed by 2030. This rapid deployment will help lower energy costs, enhance

[PRESS RELEASE: Energy Storage Industry Poised to Supply 100](#)

In April of 2025, the energy storage industry committed to investing \$100 billion to build American factories and purchase American-made batteries for U.S. energy storage projects. The

[Energy Storage Rides a Wave of Growth but Uncertainty Looms:](#)

In this report, our lawyers outline key developments and emerging trends that will shape the energy storage market in 2025 and beyond.

[Global news, analysis and opinion on energy storage innovation and](#)

A panel at the 2026 US Energy Storage Summit in Dallas, Texas, discussed the "creative, innovative structures" developers are having to embrace to secure long-term revenues for energy storage projects.

Target : Expect More. Pay Less.

Shop Target online and in-store for everything from groceries and essentials to clothing and electronics. Choose contactless pickup or delivery today.

[Energy Storage News , Today's latest by Renewables Now](#)

Latest news on energy storage projects, BESS, capacity expansion, and regulatory updates across Europe, US & Canada, Latin America, and Asia Pacific. Discover how energy

Using liquid air for grid-scale energy storage

Liquid air energy storage could be the lowest-cost solution for ensuring a reliable power supply on a future grid dominated by carbon-free yet intermittent energy sources, according to a new

Career Areas

Explore Target career areas across stores, supply chain, corporate headquarters, internships and global operations.

[U.S. Energy Storage Industry to Invest \\$100](#)

[Billion in American](#)

Today's investment commitment aims to advance a manufacturing expansion in the United States that could enable American-made batteries to satisfy 100% of domestic energy storage project demand

[News, Careers, Investors, Sustainability & Governance, Target](#)

From sustainability to jobs, you can expect more from Target. Learn about our history, values and mission.

[MIT Energy Initiative conference spotlights research](#)

At the MIT Energy Initiative's Annual Research Conference, industry leaders agreed collaboration is key to advancing critical technologies amidst a changing energy landscape.

Shop All Categories : Target

ENERGY STORAGE PROJECTS

Accelerated by DOE initiatives, multiple tax credits under the Bipartisan Infrastructure Law and Inflation Reduction Act, and decarbonization goals

Energy Storage Industry Report

Discover the rapid growth and key trends in the multi-billion-dollar energy storage industry, projected to reach \$134B by 2031, driven by renewable

Order Pickup

Buy your favorite items online on target and pick them up at your favorite Target store when it's convenient for you.

[What's the best way to expand the US electricity grid?](#)

Growing energy demand means the U.S. will almost certainly have to expand its electricity grid in coming years. What's the best way to do this? A new study by MIT researchers examines

[New materials could boost the energy efficiency of microelectronics](#)

MIT researchers developed a new fabrication method that could enable them to stack multiple active components, like transistors and memory units, on top of an existing circuit, which

[New facility to accelerate materials solutions for fusion energy](#)

The new Schmidt Laboratory for Materials in Nuclear Technologies (LMNT) at the MIT Plasma Science and Fusion Center accelerates fusion materials testing using cyclotron proton beam

Marici Batter Energy Storage System Facility

The Proposed Project includes the construction and operation of an approximately 400-megawatt battery energy storage system (BESS) facility and associated site and infrastructure

[U.S. Energy Storage Market Size, Forecast 2025-2034](#)

The U.S. energy storage market size crossed USD 106.7 billion in 2024 and is expected to grow at a CAGR of 29.1% from 2025 to 2034, driven by increased
