

Fiber optic solar energy import system

Overview

After a study, we've found that at least four fiber-optic daylighting systems already exist. It's Himawari, Parans SP3, HSL (Hybrid Solar Lighting), and Solux. The three systems utilize Fresnel lenses to concentrate the light and one utilizes a parabolic mirror.

Fiber optic solar energy import system

Can't port forward on original router

The day before getting fiber installed I could successfully add port forwarding rules on my original router and even after changing everything to the correct values in the router i would like to

[No link when trying to use Fortigate instead of the_](#)

So both ports are working, cables are good, but the link between the Fortigate and the Google fiber wall unit will not stay up. Have tried connecting with the Google fiber account set to use

Check for wireless driver updates

Visit Microsoft Update, click Custom, and then wait while Windows XP looks for the latest updates for your computer. Install any updates related to your wireless adapter.

Download the TV app

The TV app works on most Android 5.0 devices or later and iOS devices 14 or later. To download the TV app on your mobile device: Download the mobile

Google Fiber Community
