

Global battery energy storage

Global battery energy storage

[Executive summary - Batteries and Secure Energy Transitions -](#)

Strong growth occurred for utility-scale battery projects, behind-the-meter batteries, mini-grids and solar home systems for electricity access, adding a total of 42 GW of battery storage capacity globally.

[Why we need innovative funding models for global health](#)

Global health gains are at risk. New funding models, regional systems and delivery innovation are vital to build resilient, equitable healthcare worldwide.

[Global news, analysis and opinion on energy storage innovation and](#)

We analyse and compare the metrics of the various LFP battery cells of 587Ah and above, from leading providers CATL, Eve Energy, Hithium, Rept Battero, CALB and BYD.

Battery Energy Storage System (BESS) Market

This section provides an analysis of the key trends in each segment of the global battery energy storage system (BESS) market report, along with

[How supply chains need to adapt to a shifting](#)

[Four global risk trends likely to shape the planet through 2030](#)

The path to 2030 is paved with economic, political, technological, and societal challenges. Here are the most important global risks identified by NYU research.

[Global Risks Report 2026: Geopolitical and Economic Risks Rise in](#)

Geoeconomic confrontation, interstate conflict and extreme weather emerge as top risks for the year, says World Economic Forum Global Risks Report 2026.

[global landscape](#)

Global supply chains face rising geopolitical fragmentation and economic divergence, driving four plausible outlooks, from multilateral cooperation to full degradation.

[ASEAN will drive global growth. Here's how to unleash it](#)

By 2030, ASEAN's digital economy is expected to more than double to \$560 billion. But obstacles in the region remain, such as funding for small businesses.

[In charts: 7 global shifts defining 2025 so far . World Economic Forum](#)

2025 has been marked by significant global shifts, including increased geopolitical instability, the accelerating impact of AI and a changing labour market.

Battery Energy Storage System Market Report 2026

Global Battery Energy Storage System Market Trends and Insights Major companies operating in the battery energy storage system market are

[Top 17 Battery Energy Storage Systems \(BESS\) Companies in 2025](#)

The global Battery Energy Storage Systems (BESS) market in 2025 presents exceptional opportunities for startups and emerging players driven by rapid electrification, renewable energy

[Global energy in 2026: Growth, resilience and competition](#)

For the global energy economy, 2026 is shaping up to be a high-stakes execution test shaped around three themes: growth, resilience and competition.

Global Battery Energy Storage System Market Size,

The global battery energy storage system (BESS) market is expanding rapidly, driven by increasing renewable energy integration, grid stability needs, and

[Battery storage to drive lithium demand growth globally](#)

Grid-scale battery energy storage systems will become a growing part of lithium consumption in 2026, underpinned by an increasing emphasis on grid stability amid the transition to renewable energy

Global Risks Report 2025 , World Economic Forum

The Global Risks Report 2025 analyses global risks to support decision-makers in balancing current crises and longer-term priorities.

Global Risks Report 2026

The Global Risks Report 2026, the 21st edition of this annual report, marks the second half of a turbulent decade. The report analyses global risks through three timeframes to support

Battery Energy Storage Systems: Changing the Global

Battery Energy Storage Systems (BESS) are changing the global energy landscape. Once considered optional add-ons, they are now grid-critical

[Battery Energy Storage System Market Size, Share & Trends Analysis](#)

The U.S. leads the global battery energy storage system (BESS) market, driven by robust renewable energy adoption and federal incentives. Strong state clean-energy mandates (CA, NY, MA, etc.),

[Global Cybersecurity Outlook 2026 , World Economic Forum](#)

The Global Cybersecurity Outlook 2026, written in collaboration with Accenture, examines the cybersecurity trends that will affect economies and societies in the year to come. It explores how
