

# How to build a wind-solar complementary solar container communication station

## Overview

---

Here, we outline an optimized, phased pathway for integrating solar and wind energy into a globally interconnected and fully coordinated power system.

## How to build a wind-solar complementary solar container communication

---

### [4g solar container communication station wind and solar](#)

The invention relates to a communication base station stand-by power supply system based on an activation-type cell and a wind-solar complementary power supply system.
