### How Does Solar Work?

When the sun shines onto a solar panel, energy from the sunlight is absorbed by the PV cells in the panel. This energy creates electrical charges that move in response to an internal electrical field in

### Understanding .get() method in Python

Here the get method finds a key entry for 'e' and finds its value which is 1. We add this to the other 1 in characters.get (character, 0) + 1 and get 2 as result.

### What is the { get; set; } syntax in C#?

get and set are accessors, meaning they're able to access data and info in private fields (usually from a backing field) and usually do so from public properties (as you can see in the above example).

### Understanding dictionary.get in Python

What is confusing you? You evidently know what .get invoked on a dictionary does, that's what's being called for each key in the dictionary.

### When do you use POST and when do you use GET?

From what I can gather, there are three categories: Never use GET and use POST Never use POST and use GET It doesn't matter which

one you use. Am I correct in assuming those three

## How to make an HTTP get request with parameters

Is it possible to pass parameters with an HTTP get request? If so, how should I then do it? I have found an HTTP post request (link). In that example the string postData is sent to a webserver. I

## How to get all groups that a user is a member of?

PowerShell's Get-ADGroupMember cmdlet returns members of a specific group. Is there a cmdlet or property to get all the groups that a particular user is a member of?

## How do I get the current time in Python?

Use the below sample script to get the current date and time in a Python script and print results on the screen. Create file getDateTIme1.py with the below content.

### [Get the values from the "GET" parameters \(JavaScript\)](#)

So, I've come up with a simpler script that returns all the GET parameters in a single object. You should call it just once, assign the result to a variable and then, at any point in the future, get any value you
