

Is the solar power plant a state-owned enterprise

Overview

SunPower was founded on April 24, 1985, by , who was a professor focused on electrical engineering. Swanson studied solar power efficiency in the Stanford Electronics Laboratory with funding from research grants. After breaking a record for solar power efficiency in lab conditions, he took a sabbatical to start SunPower and commercialize the technology. Initially, the company was called Eos and was funded with \$2,000 in savings between Swanson and his friend Ric.

Is the solar power plant a state-owned enterprise
