

New Hydrogen Energy Photovoltaic Site in Tunisia

New Hydrogen Energy Photovoltaic Site in Tunisia

Is JavaScript's "new" keyword considered harmful?

It is NOT 'bad' to use the new keyword. But if you forget it, you will be calling the object constructor as a regular function. If your constructor doesn't check its execution context then it won't notice that 'this'

[What is the Difference Between 'new object\(\)' and 'new {}' in C#?](#)

Note that if you declared it `var a = new { };` and `var o = new object();`, then there is one difference, former is assignable only to another similar anonymous object, while latter being object, it

Press release , HDF , Game-changing hydrogen power

This project, with an initial investment of around 3 billion euros, will serve both the European market and domestic needs. This partnership aligns with Tunisia's national strategy to

[Comparison between on-site and off-site green hydrogen refueling](#)

This paper focuses on the study of on-site and off-site hydrogen refueling stations (GHRs-PV) of different capacities in Tunisia, where green hydrogen production is ensured by a PV plant

[HDF Energy and Tunisian Ministry of Energy](#)

[collaborate on](#)

This project, with an initial investment of around 3 billion euros, will serve both the European market and domestic needs. This partnership aligns with Tunisia's national strategy to become a leader in green

What is the 'new' keyword in JavaScript?

The new keyword in JavaScript can be quite confusing when it is first encountered, as people tend to think that JavaScript is not an object-oriented programming language. What is it? What problems

How does the new operator work in JavaScript?

The new operator uses the internal [] method, and it basically does the following: Initializes a new native object Sets the internal [] of this object, pointing to the Function prototype

HDF Energy plans 800 MW green hydrogen project in

Hydrogene de France SA (EPA:EDF), or HDF Energy, plans to build an 800-MW electrolysis plant to produce green hydrogen in Tunisia to serve the

[Our green hydrogen projects in Tunisia and the world](#)

Green hydrogen is one of the pillars of the national strategy of Tunisia. Cooperative agreement between Tunisia and Germany has been signed in 2020 for

[Difference between 'new operator' and 'operator new'?](#)

A new expression is the whole phrase that begins with new. So what do you call just the "new" part of it? If it's wrong to call that the new operator, then we should not call "sizeof" the sizeof

[Tunisia accelerates large-scale solar as new players](#)

Anglo-Tunisian group SoleCrypt announced plans for a 60 MW PV plant in Tozeur, part of a broader initiative to connect eventually to the Medusa

javascript

83 new() describes a constructor signature in typescript. What that means is that it describes the shape of the constructor. For instance take {new(): T; }. You are right it is a type. It is the type of a class

[France's HDF Energy plans a large green hydrogen project in Tunisia](#)

Tunisia's Ministry of Industry, Mines and Energy has signed a Memorandum of Understanding (MoU) with the French hydrogen developer HDF Energy to develop a first large-scale

new operator

In the specific case of throw, throw new() is a shorthand for throw new Exception(). The feature was introduced in c# 9 and you can find the documentation as Target-typed new expressions.

When to use "new" and when not to, in C++?

You should use new when you wish an object to remain in existence until you delete it. If you do not use new then the object will be destroyed when it goes out of scope.

[Enel & Eni Launch Green Hydrogen Project in Tunisia: A](#)

This collaboration, driven by Italy's desire to diversify its energy sources and accelerate its energy transition, has resulted in the launch of a groundbreaking pilot project for green hydrogen

[New site design and philosophy for Stack Overflow: Starting February](#)

Ah, but new experts will rise up and embrace the new, friendly Stack Overflow that they have always wanted. And maybe rediscover the same things the bitter, hateful old guard found.

Hydrogen Europe

Tunisia's Ministry of Industry, Mines and Energy has signed a Memorandum of Understanding (MoU) with the French hydrogen developer

Tunisia , Green Hydrogen Organisation

Combining 1 GW of wind power, 500 MW of solar PV, and 800 MW of electrolysers, the project will produce up to 65,000 tonnes of hydrogen annually. Hydrogen will be exported to Europe via the
