OpenHamClock , Page 2 , QRZ Forums

KA2G Premium Subscriber QRZ Page Admittedly not great with PowerShell and having some issues. I'm sure I'll need some assistance with them at some point. For now, is the setup

New FCC 60-meter band rules , QRZ Forums

For the reasons stated below, we do not allow the amateur community to utilize the new international allocation at 5351.5-5366.5 kHz at the requested 100 W ERP limit and adopt NTIA's

[Is it difficult to connect the inverter of the solar container](#)

Learn how to connect 2 solar inverters in parallel to increase power output in PV systems. This guide covers wiring, communication setup, compatibility checks, and common.

To Balun or not to Balun

Do not put baluns in single element dipoles that would be used for anything other than the frequency they're cut for or the appropriate odd harmonic. Multiple-element "fan" dipoles are

[FlexRadio Introduces Aurora Series 500W HF Radio . QRZ Forums](#)

A Platform, Not Just a Radio The Aurora Series is a FlexRadio-only platform-its 500W transmitter is not an external amplifier and cannot be paired with third-party exciters. Instead, it is

[How to build the inverter for the island solar container](#)

Learn how to install a solar inverter with this complete guide. From choosing the right inverter to connecting it safely, follow these essential tips for DIY solar power setup.

[Grid-connected solar container communication](#)

[station inverter](#)

Can grid-connected PV inverters improve utility grid stability? Grid-connected PV inverters have traditionally been thought as active power sources with an emphasis on maximizing power extraction

[Can I run power to a shipping container? Off-Grid Solar](#)

In short, you can indeed run power to a container - either by extending a line from the grid or by turning the container itself into a mini power

[How To Connect Solar To Grid: Complete Installation Guide \(2025\)](#)

Learn how to safely connect solar panels to the electrical grid with our comprehensive guide covering permits, installation steps, safety requirements, and code compliance.

[How I turned a shipping container into a solar off-grid](#)

That allowed me to run all of the panels in parallel and then send them on a long enough run to make it through the existing vent hole in the side
