

Semi-mounted solar photovoltaic panels

Overview

Semi-rigid solar panels are flexible solar panels that combine lightweight materials with semi-rigid structures. They generate electricity from sunlight and are often used in various applications like boats and RVs.

Semi-mounted solar photovoltaic panels

Overlander(TM) 80 Watt Semi-Flexible Solar Panel

Compact, lightweight, high power, and flexibility means you can mount it almost anywhere on your camper, van, or boat. We designed this panel for maximum power output throughout the entire day.
