### Solar panel alternatives: What are your options?

Between community solar, solar shingles, ground-mounted solar

### Solar panel alternatives

Like the idea of generating your own power but don't like or can't have traditional solar panels? These solar panel alternatives are for you.

### "in the same vein as" vs. "in a similar vein to" vs. "along a similar vein"

The other options "in a similar vein to" and "along the same vein" sound a little odd to my ear. I guess you'd be better off using "in a similar way to" and "along the same lines" instead.

### meaning

Similar and identical have different meaning to be precise. But if you have noticed people using it, that could be because many times people start using the first word that comes to their mind

### similar to or similarly to

Similar is an adjective and similarly is an adverb. The only grammatical word in this sentence is similarly, as it modifies the verb obtained.
