Photovoltaic power station

OverviewHistorySiting and land useTechnologyThe business of developing solar parksEconomics and financeGeographySee also

A photovoltaic power station, also known as a solar park, solar farm, or solar power plant, is a large-scale grid-connected photovoltaic power system (PV system) designed for the supply of merchant power. They are different from most building-mounted and other decentralized solar power because they supply power at the utility level, rather than to a local user or users. Utility-scale solar is sometimes used to describe this ty

What is the difference between "largest" and "biggest"?

What is the largest lake in the world? Compare this to 'the biggest lake'. To my mind, the largest is the one with the greatest surface area, the biggest may have a smaller surface area but be deeper and

From desert to the world's largest solar power plant
