

The world s first liquid flow battery manufacturer

Overview

AQUABATTERY, established in 2014 in the Netherlands, develops advanced saltwater flow batteries for long-duration energy storage. Their scalable, non-toxic technology supports a global shift toward renewable, sustainable energy solutions.

The world's first liquid flow battery manufacturer

Kemiwatt - Organic Flow Battery for Long-Duration

Kemiwatt develops sustainable organic redox flow battery systems delivering safe, scalable and long-duration energy storage for renewable energy and grid

Redox flow battery storage

Our battery stores energy in a liquid electrolyte which utilizes vanadium ions in four different oxidation states. Our flow battery is non-

flammable, contains no critical raw materials, is extremely durable and
