

Universal solar container system

Overview

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. Solar panels lay flat on the ground. This position ensures maximum energy.

Universal solar container system

[Solar Container Products , Solar Container Kit & Shipping Container](#)

Our solar shipping container and solar panel container range uses a folding solar container design: container solar panels and a complete container solar system in one unit.
