

# What are the new communication base station lithium-ion batteries

## Overview

---

Lithium-ion batteries, particularly Lithium Iron Phosphate (LiFePO<sub>4</sub>), are dominating this sector due to their exceptional energy density, extended lifespan, and improved safety profiles compared to Nickel-Metal Hydride (NiMH) technology.

## What is the 'new' keyword in JavaScript?

The new keyword in JavaScript can be quite confusing when it is first encountered, as people tend to think that JavaScript is not an object-oriented programming language. What is it? What problems

## When to use "new" and when not to, in C++?

You should use new when you wish an object to remain in existence until you delete it. If you do not use new then the object will be destroyed when it goes out of scope.

## Push local Git repository to new remote including all branches and tags

Whether you push all the branches or just some of them, Git will perform the entire operation without creating any new local branches, and without making changes to your working
