High-efficiency power supply pcba designs

"greatest", or "highest", so just as you would use it as an adjective to show that something is the

word order

Either is fine, but (American here) I think "Something that best suits your needs" would be the most common way of saying it.

"better" vs "best"

The second sentence, as you said, contains a superlative, "best." In English, unlike in some other languages such as Spanish, the superlative does not require a definite article. In fact, it

reduce energy loss and support long-term stability. Top-tier power supply pcba options also include built-in surge, overload, and thermal

"Which one is the best" vs. "which one the best is"

"Which one is the best" is obviously a question format, so it makes sense that " which one the best is " should be the correct form. This is very good instinct, and you could even argue that

High Voltage Power Supplies for Demanding Applications
